Score 6 to 0 in favor of Auburn.

Auburn's superior training was plainly evident at the end of this half. Auburn showed little sign of exhaustion, while the Clemson men were greatly "winded" and became more and more so during the next half. During the intermission between the halves the Carolinians shook hands among themselves and declared that they would not allow Auburn to make another touchdown. But they were doomed to disappointment, for not only did Auburn make another touchdown, but five more, and Clemson was never allowed to get possession of the ball during the entire half.

SECOND HALF.

Clemson kicks thirty yards. Thomas catches and advances ball seven yards. Yarbrough goes around r. e. for no gain as he is tackled he passes the ball to Huguley who makes a run of seventeen yards. Sloan around l. e. 12 yards. Feagin around r. e. for 25 yards. Sloan around l. e. for 15 yards. Park over l. extra for 4 yards. Feagin through r. t. for 10 yards. Thomas bucks c. for touch-

down. Huguley punts out, Feagin catches. Yarbrough misses goal. Score, 31 to 0, favor Auburn. Time called.

Clemson could do nothing with Auburn's interference, which is perfect, and they also lack training for such fast ball as Auburn puts up.

Captain Stump of Montgomery's football team refereed first half as Captain Heavy did not arrive in time.

Captain Stump thinks Auburn and Sewanee's game in Montgomery on Thanksgiving day will be a stubbornly fought game with chances in favor of Auburn.

Comparison of '98 and '99 Football Teams—And Some Good Advice.

How does our Football Team compare with the team of '98? Very favorable indeed, from nearly every point of view. It weighs more, runs faster, plays harder, has more experience, kicks further, catches better and has more interference than any Auburn team ever had before.

The reason of this improvement is largely due to the fact that a very early selection of candidates was made and team work was attempted from the very first day of the season. As a consequence the team has had plenty of time to learn its plays and it has learned them most thoroughly. Nor does any one ever mistake the signals this season, which assurance of certainly permits of fast play.

The system of play itself is quite the best that Auburn ever had. Were it not so our team would not do so well, for certain it is that individually the players are by no means of exceptional strength. There are hardly any stars like Shafer, Glenn, Williams, Pearce and Penton of other years; instead Auburn must do all this year-by-year team work—and so far she bids fair to do it.

The defense is not so strong yet as the offense, but both team and coach are striving desperately to improve it, and it can safely be said that by the time of the Georgia and Sewanee games it will not be found wanting.

In considering these two games we must never forget that Georgia has a great advantage over us in the matter of weight and individual experience, while Sewanee has a still greater advantage from the stand point of superior weight and team experience, and if we are to win from both it can only be by the hardest, most gruelling kind of work every day from now on. Nor does this responsibility rest on the players of the Varsity alone. The club must continue coming out regularly as they have been doing so far, and every practice should be accompanied by not only the presence of the remainder of the student body, but by their cheers of encouragement as well. There is

no longer the hearty, spirited cheering that we used to have in '95 and '96. Why? Is Auburn losing college spirit? Why do some men—Seniors at that—scoff and jeer whenever some one musters up college spirit enough to attempt a yell? Do they not know that these things are an inspiration to a team?

Come, let all this be remedied, now and at once; then whatever the result of the games there can be no chagrin, no humiliation, and if yet tears, still they will be the honorable tears of a defeat that could not be avoided.

LET'S TRY HARD FOR THAT CHAMPIONSHIP!

The A. P. I. Military Band.

Our A. P. I. Cadet band of last year has been reorganized under the name of A. P. I. Military Band, owing to the fact that we will have this year a true military band of over twenty instruments. Mr. Fullan continues to teach and direct band as before, and gives, free of charge, two lessons per week to each member on his respective instrument. The value of a band in a community and its influence on the people is too well known to discuss. A prominent musical journal, The Metronome, says: "The love of music is inherent in almost every person; and where there is a lack of an appreciation of the divine art there is sure to be found some element antagonistic to higher culture and advanced civilization. In communities where no attention is paid to music it is a noticeable fact that the people are unprogressive, devoid of refinement and live wholly on the physical plain, giving no heed to any of the arts and totally indifferent as to the outcome of the future."

We will be able to boast of one of the best equipped and appointed bands in the country, and the director reports excellent progress.

The instrumentation is as follows:

Piccolo, M. F. Kahn (principal musician); E flat clarinet, E. J. Pierce; B flat clarinet, Jefferson; 2nd B flat clarinet, Holt Glenn; 3rd B flat clarinet, Mr. Ellis; Oboe, Peabody; Solo B flat cornet, Mr. Thos. Fullan, director; 1st B flat cornet, M. D. Kahn; 2nd B flat cornet, W. A. Frazer; 3rd B flat cornet, Richard Drake; Flugel horn, W. A. Sanford; Solo alto, Daniels; 1st alto, Bryant; 2nd alto, Sherrill; Baritone, Sternfield; 1st Trombone, Avery; 2nd Trombone, J. L. Jordan; 1st E flat bass, Wakler; 2nd E flat bass, Werner; Bass drum, Biving; Small drum, W. J. Cameron.

An elegant double bell Euphonium has been ordered expressly from Pa. is to suit present set of instruments.

Tulane and Texas have arranged an inter collegiate debate, which will be held in the early spring.

FRAZER RANCH VICTORIOUS.

Defeat the Rutland Ranch by a Score of 17 to 0.

Last Saturday afternoon the O'Hara gridiron was the scene of a fiercely fought contest between the rival football teams of the Frazer and Rutland ranches, which resulted with the score of 17 to 0 in favor of the former team after over fifty minutes of hard playing.

Promptly at 3 o'clock both teams appeared on the field and were welcomed with thunderous cheers from their respective rooters, the latter having assembled an hour or more before the time for the game. There was not much betting on either side, only one real sport being present, who bet on the Rutland team getting odds of five to one.

The game being called, the playing was very fierce and bloody in the first half, the Rutland team, although laboring under disadvantages, held the score down to 7 to 0. During the second half the Rut-

land braves succeeded in keeping the ball in the Frazer territory most of the time, but owing to the fact that their ends were weak, they were skirted for thirty yards at a time, Ilges making a run of fifty yards for a touchdown. At this point of the game the rooters for the Frazer eleven went wild and it was several minutes before quiet could be restored so that the men could hear the signals. The game finally ended with the score of 17 to 0 in favor of the Frazer team.

Pratt's work at quarter was one of the special features of the game. He handled the pigskin like an old timer, and only made fifteen or more fumbles during the entire game. The Rutland team is composed of good brawny material and the good training behind the plow and axe was clearly visible. No serious accidents occurred during the game to mar the pleasure with exception of the injury of half-back Ilges' cranium which was caused by a head-end collision with a rock; and the flattening of King's nasal passages which came in contact with McBride's fist. The line-up was as follows:

F. D. LEE TAYLOR.
Y. M. C. A.

Dr. O. D. Smith gave an interesting lecture to those who attended the regular meeting of the Y. M. C. A. Sunday afternoon, October 29. His words were of practical value to those present and there was not one who went away but who felt that he had been benefited.

The following members were appointed to attend the meeting of the State Convention to be held at Tuscaloosa some time this month: Beeson, Hall, Rutledge, Osburn, Jackson, A. F. Rutland, Snedecor, Brown and Haley.

All are cordially invited to attend the meeting each Sunday afternoon at 3 o'clock in Y. M. C. A. room.

A Tale With a Moral.

Did you ever hear tell of the man who was too economical to take his home paper, but sent his little boy to borrow the copy taken by a neighbor? Inquires the Osborne Farmer.

In his haste the boy ran over a two dollar stand of bees and in ten seconds looked like a warty summer squash. His cries reached the father, who ran to his rescue and failing to notice a barbed wire fence, ran into that, breaking the fence down, cutting a handful of fish bait out of his anatomy and ruining a four-dollar pair of pants. The old cow took advantage of the gap in the fence, got in, ate forty cents worth of alfalfa and died of bloat. Hearing the racket the wife ran out, upset a four gallon

churn full of cream into a basket of kittens and drowned the whole mess. In the hurry she dropped and broke a seventeen-dollar set of false teeth. The baby, left alone, crawled through the flood of cream and into the parlor ruining a brand new carpet. During the excitement the oldest daughter ran away with a book agent, the dog broke up eleven setting hens, and the calves got out and chewed the sleeves from four white shirts that hung on the line.

Moral: Boys, begin life right by taking your college paper.

The University Secures a Coach.

We are glad to note that there is a general re-awakening of interest in athletics at the University of Alabama. The attendance there has reached its high-water mark, and there is plenty of material among the students for a good football team this year. The interest has so increased that the manager of the team has found it possible to select a coach. Mr. Wm. A. Martin of Chattanooga has been secured to act in this capacity.

Mr. Martin has held a position on Virginia's Varsity for the past three years and comes well recommended for the position he is to fill. We hope that he will prove himself an efficient coach and build up a team that will be a credit to the institution.

The University of Alabama played her first football game of the season with the city of Tuscaloosa. The Varsity won, scoring eleven points, while the athletes from the city scored only five points. Tom Wert, '99, an old Auburn man, played right guard on the University eleven.

"David Harum" again heads the list of the seven best selling books in America. It has maintained the lead uninterruptedly for nearly a year. The other six books are "When Knighthood was in Flower," "Dr. Dooley In Peace and War," "Red Rock," "The Day's Work," "Aylwin," and "Dross."

Harvard will erect, at the south entrance to the college yard, a memorial gate, on which will be inscribed the names of the Harvard men who took part in the Spanish-American war. Memorial services are also to be held. A committee of the alumni has both in charge.—Ex.

F. D. LEE TAYLOR.

The most interesting debate that has been heard here in a long time was at the Websterian Literary Society hall last Saturday night. The subject for the evening was: Resolved that Cuba should be annexed to the United States. The debate was especially interesting because in defense of the negative side of the question stood Cadet Nelson H. Romero one of the native Cubans. He held the place for forty minutes

with a carefully prepared paper and which he earnestly and convincingly plead for "absolute independence for Cuba as soon as a stable government under protection of the U. S. is formed. He says the large majority of the Cuban people demand complete freedom and independence for which they have so long and bravely fought.

He claims that the Cuban people are just as competent to solve the great questions of government before them as were the American people when the English yoke was thrown off. He easily won his side of the debate.

It is a fact to be regretted that no file of the Orange and Blue has been preserved. An effort is now being made by the present officers of the paper to collect a number from each of all the past issues and complete a file up to the present. In order to do this we ask all who have copies of the paper to kindly send them to us. It will be a kindness we shall greatly appreciate.

The roll of students is gradually increasing. The number registered date is 350.

Lieut. W. K. Armstrong, of Auburn 23 Infantry U. S. A., will leave for the Philippines on the 23rd inst. Kirk will make a nice target for Aguinaldo and his sharpshooters.

Boys trade with those who advertise in our columns. Let the business men know that ads in the Orange and Blue pay. Show your college spirit by sticking up to us in this.

The friends of Geo. M. Wheeler sympathize with him in his trying position. He is occupying a big slice of Easy Street in Huntsville, Ala. He has many rivals for his position, but thinks he can hold it against any number because it comes so easy to him.

Mrs. McGee and Miss Bessie, who, it will be remembered, formerly resided in Auburn, passed through Saturday en route to their home in Montgomery.

Jacksons established in 1899. 'See.'

"There's a new coon in town." We don't know what his name is, but he is evidently going to set up in the merchandise business, from the preparations he is making.

Auburn takes the University of Tennessee in Knoxville, Saturday, November 11, University of Georgia in Atlanta November 18, and Sewanee in Montgomery on Thanksgiving Day. This will complete the schedule for season of '09.

"Boy's" you will find something more substantial than "tally" at Jacksons. We wish to announce to our friends that we are now in the second hand clothing business. We have an assortment of old uniforms, caps and gloves. Our Hebrew friends will do well to call on us before purchasing of cadets. We guarantee our prices to suit.

Steiner, Bukofzer & Schloss. One of the editors of the Orange and Blue, being very proud of the first copy sent one to his father. In a few days a letter came which read something like this: Dear Son: The Orange and Blue reached me today, and I thought it was very good. Your report came also; think you had better put more time on your studies and less on the Orange and Blue.

J. H. McAdory of the Webstern Society won the medal in the State Oratorical contest at Talladaga this summer. This in itself was an honor to be desired by all but Mr. McAdory was not satisfied and entered the intercollegiate debate at Mont Eagle Tenn., and there carried off second place. We congratulate Mr. McAdory and thank him for the credit he has reflected on the college.

The Goat club should have a meeting and get up some new yells. This is undoubtedly the best way to awaken enthusiasm for Thanksgiving Day, and now is the best time to start. We will want every good yell possible and every good man in college to yell on that day. Sewanee is the best team we will play this year and our boys must have all the encouragement possible in the way of yelling.

We learn from a member of the Wirt Literary Society, that their meeting Saturday night was very interesting. Refreshments were served and the meeting resembled an entertainment more than a debate. This will be a feature of each meeting and no doubt the membership will increase under such management. They intend remodeling their hall this fall and ask a full attendance at the next meeting to discuss this, and to make arrangements for a football game between the two societies, for the championship. This is a good idea.

Football games between the different ranches seems to be quite the go now. In a game between the Frazer and Rutland ranches last Friday, Rutland's ranch was

defeated by a score of 17 to 0. Burke's ranch has challenged the Winston ranch, but we cannot expect these two teams to meet as the Burke ranch team averages 140 pounds and the Winston ranch, without Joe Steiner, average 125, and with him only 100. Joe though is anxious to play. He says he can whip any man in college of his weight, but we think he makes this boast because there is not a man in college who weighs less than 75 pounds.

I'll fix e'm.

I mean your watches, clocks and jewelry. All work promptly done and satisfaction guaranteed.

Literary Societies.

The objects of a literary society, as are commonly known, are to cultivate the rare power to think on one's feet and the argumentative faculty of the mind—powers, the necessity of which one experiences practically in every vocation of life. It has been wisely asserted by authorities that the advantages that can be derived from these societies equal those from any other one subject of study in college. Henry Clay, the Demosthenes of America, attributed his broad success in the field of action to this source. This is an opportunity afforded every student, and why should not every one attend these important organizations?

Now, for the promotion of the welfare in general of our literary societies and for the sake of cultivating in each individual member a tendency always to aspire, the faculty of this institute is so interested as to offer to each society a gold medal. There are certain conditions that must be supplied by the societies before the medals are awarded; these conditions, as yet, are unknown, but supposed to be that the societies are to continue in a state of activity and that a moderately full attendance is to be effected. The above mentioned conditions being supplied, the medal will be awarded him who, by continued exhibition of zealous work and manifestation of interest, shall have proven to his favorite society to be the member subject to the best improvement throughout the year.

In as much as manifestation of interest on the part of the students—not necessarily the whole body—is essential to the growth and prosperity of a collegiate literary society, it can be irrefutably asserted that this requisite has been met with in the case of the literary societies of the A. P. I., and consequently they have already entered upon a seemingly brilliant and flourishing year. By means of the arduous efforts of the old students, many of the new men have been initiated into these organizations.

The place of meeting of these societies is in main building where, on the third floor, each society occupies a separate room. The meetings are weekly, being held every Saturday night.

Websterian Society.

From the very opening of this society, Sept. 16, '99, up to the present time there have been displayed at every meeting regular attendance and participation to a striking extent in the exercises. Nor is the membership found wanting, 25 new students have been admitted, thus making total membership amount to 40, and furthermore, more are being admitted in every successive meeting.

We are glad to welcome back our old President, T. H. McAdory. This our fellow-member, always has manifested deep interest in this society, and we are proud to receive his consent to act as President, to which office he was elected by a great majority. As secretary, G. T. Boyd, was elected; as treasurer, Thos. Bragg.

Some important business transactions have been performed during

the past series of meetings. As representatives of the Websterian Society in Thanksgiving celebration, have been chosen Messrs. Bragg and Jackson. As representative of society on board of editors of Orange and Blue, C. L. Harold has been chosen. These procedures together with interesting debates, delightful readings and declamations constitute the order of exercises for the past meetings.

It can hardly be doubted that from these data one can not predict for us otherwise than a coming period of success.

Auburn's Yell.

For the benefit of all new men, and old men too, who do not know the best of Auburn's yells. There seems to be a lack of interest taken in yelling this year, and it should not be so. Every man in college should know the yell, and not only know them, but know how to yell them. To accomplish this, some of the old men have kindly volunteered their assistance in coaching the men and will do so each evening during football practice. There is nothing that encourages a football team more than a good yell for them. So let every man learn these yells and come out on the campus to practice them so we can give the team all the encouragement possible in this line.

Baseball for 1900.

In spite of the fact that only two old men of year before last team were with us last year, we made the most brilliant record of any baseball team, that Auburn has ever had. Last year the men for the most responsible positions were young and inexperienced. Several had never been in a real match game until we played

with the Techs. Now out of these men before the close of the season Mr. Heisman, that coach of all coaches, made a winning team out of these inexperienced players. This clearly demonstrates that by the loss of several or even half of last year's team by graduation or otherwise does not mean that we witness all defeats and no victories. On the other hand Auburn is going to have a winning team again this year. It is true we have lost Boyd, Munger and Harry Smith but on the other hand we have numbers of new men who are confident of being able to fill these vacancies.

Of the old men returned, there are Yarbrough, McElhane, Willis and Skiggs.

With these men we don't see why Auburn should not have a team as good if not better than that of last year.

Let those old players get together and elect a captain for the ensuing year. Let them get to work and see what material there really is in college and talk baseball to them.

We must have a winning team this year.

The Dewey Sword.

The sword ordered by act of congress for Admiral Dewey was formally presented to him by President McKinley October 3d, in the east front of the capitol at Washington, in the presence of the cabinet, representatives of the army and navy and a throng of spectators. There were brief addresses by the Secretary of the Navy and the President, to which Admiral Dewey, greatly moved by the honor paid him, responded in a few words. The sword, except its steel blade and the body metal of its scabbard, is entirely of gold; and among its decorations are the name of the Olympia, the zodiac sign of December, the month of Dewey's birth, and the arms of the United States and of Vermont, Dewey's native State.—Ex.

Only one Thing Lacking.

This illustrates one way, the easiest way, of excusing personal deficiencies:

"Th' professor kin spake in four different tongues, Dinny."
"Thor's only wan t'ing thot kapes me from doin' the same, Larry."

"An' phwat is thot?"

"Oi hovn't the four tongues."—Chicago News.

And So It Is With Little Boys Who Read Dime Novels.

Cadet Hubbard—My! Frank must have not have made the team at Yale this year. I never see anything about his grand stand plays in the papers.

O. D.—What Frank are you speaking of, an old friend of yours?

Cadet H.—No, Frank Merriwell of course.

The first meeting of the Athletic Advisory Board was held Saturday, October 21, in the Sigma Nu hall. Officers for the ensuing year were elected as follows: Erle H. Foy, president; E. D. Huguley, vice-president; A. C. Cameron, secretary and treasurer. An assistant manager for football team was not elected.

Notwithstanding that more new men have come to college this year than ever before, there seems to be fewer initiates into the different Greek letter fraternities. The following shows the number of men, and number of new initiations in each fraternity: Alpha Tau Omega, 17 members; 4 initiates, Arnold, Finch, Gray and Wiley. Brewster, W. E., affiliated from Tech School.

Kappa Alpha, 21 members; initiates, Roseborough, I. Darden, Webb, Sherill, Black, J. W. Knight, Walter.

Phi Delta Theta, 23 members; initiates are, Dawson, R., Goldtwaite, C. B., Taylor, Ed Peabody and Earle Thornton.

Sigma Nu, 10 members; initiates are, Parker, D. J., Pierce, E. J., and Fleming, W. L.

Pi Kappa Alpha, 13 members; initiates are, Forbes, S. G., Jackson, A. E., Bowdell, and Yonge, H. E.
